

Horizon Hope Grant Essay – Application A

I should receive the horizon hope grant because I could REALLY use a scooter. My wheelchair is a pain in the butt at camp and a scooter is much more managable. Plus I could use it outside of camp to run to dunkin or go to the cemetery to visit my grandparents. I could also use it on family vacations. I have demonstrated horizon's mission outside of camp by trying to get my family and friends involved in camp. I have contributed to horizon by going to fundraisers and also doing facebook fundraisers.
